

Just Say **NO** to FOAM!

Know what you're getting into before you purchase a foam filled spa. We recommend looking "under the hood" of any potential spa you want to buy. What you can't see from the outside may cost you thousands later down the line. Don't be fooled into thinking full foam is a more energy efficient. Clearwater Spas are 12-15% more efficient than spray foam spas!

Clearwater Spas

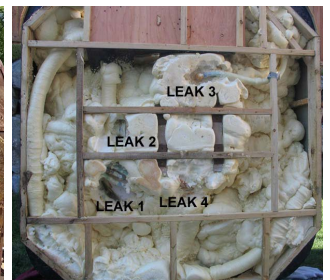

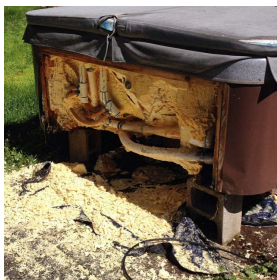

100% FOAM FREE

Look under our hood!

We have nothing to hide!
